

You have a question: **What we need for the top of our bottle for **Height Quality Drinks** to look perfect and unique?**

We have the answer:

Decorative Poly laminate capsules

Produced by "Herti-M" Ltd., BULGARIA

Decorative Poly laminate capsules are made from material Complex Aluminum/Polyethylene/Aluminum. These capsules are a perfect finish of your bottles for top quality wine or alcoholic drinks. Poly laminate capsules are similar to tin capsules but they are significantly cheaper option.
